## Notice.

We are getting our list of Farms for  
Sale ready to be published. List at  
once, we have the buyers.  
4-26-2t Hughes & Swinebroad.

Local Taft republicans claim that  
John Green of Paint Lick and W. H.  
Fain of Buckeye have never been le-  
gally appointed committeemen and that  
the call for the election of county pre-  
sident chairman Saturday is illegal for  
this and other reasons.

## Miss Mary Arnold Hurt.

Miss Mary Arnold sustained a pain-  
ful injury by having a bowl of water  
which she was carrying to break and  
one of the broken pieces strike her  
foot inflicting a painful injury, which  
necessitated several stitches.

## Gastineau.

Mrs. Artimace Gastineau, wife of  
Mr. John C. Gastineau, died at her  
home near Hiattsville on last Wednes-  
day night and her remains were interred  
in the Lancaster cemetery on Friday  
morning after funeral services at the  
grave by Rev. F. M. Tindler. Mrs. Gas-  
tineau was in her 67th year and had  
been sick for some time, the immediate  
cause of her death being paralysis. Be-  
fore her marriage Mrs. Gastineau was  
a Miss Lee. Mrs. Gastineau was a very  
estimable lady and was held in high re-  
spect in the locality in which she dwelt.  
She had long been a consistent member  
of the Christian church. Besides her  
husband she is survived by two sons,  
Messrs Virgil and John M. Gastineau,  
both of this county.

## Hon Jere Sullivan Of Richmond Enters Congressional Race.

Upon the request of Judge John W.  
Hughes of Mercer county all of the  
gentlemen in the eighth district who  
have been mentioned as probable candi-  
dates to oppose Hon. Harvey Helm  
for the democratic nomination for  
Congress, gathered in Louisville last  
Saturday for the purpose of endeavor-  
ing to come to some amicable adjust-  
ment of the situation, and to see if it  
be not possible to divide the counties  
of the district and the organizations  
against the incumbent, Mr. Helm.  
Those to whom Judge Hughes sent in-  
vitations and who were present, were  
Col. Jack Chinn of Mercer, Hon. Jere  
Sullivan of Madison, Judge John H.  
Welch of Jessamine, Hon. W. E.  
Dowling of Anderson and Hon. W. J.  
Price of Boyle. Mr. Price after ap-  
praising the gentlemen of his having  
made up his mind not to enter the race  
did not participate further in the  
caucus. After a preliminary caucus in  
which the situation was fully discussed  
it was decided to decide by ballot which  
one of the gentlemen present was the  
most available man to oppose Mr.  
Helm. Those balloting were Messrs.  
Chinn, Dowling, Sullivan, Welch and  
Hughes and it is said that each of the  
gentlemen agreed to consider himself  
bound by the result of the ballot. The  
ballot resulted in three votes for Mr.  
Sullivan and one each for Judge Hughes  
and Mr. Welch. After the ballot Mr.  
Chinn announced that he believed the  
ballot was a method adopted to force  
him out of the race, and that he would  
not abide by it but would continue in  
the race. He admitted casting his  
vote in favor of Mr. Sullivan, and the  
gentlemen are said to have all agreed  
that it was their understanding that  
they should each abide by the result of  
the ballot. Judge Sullivan announced  
his candidacy immediately following  
the caucus.

Judge Sullivan is one of the most  
brilliant men in the district if not in  
the state of Kentucky, and he would  
most assuredly serve his constituents  
in an acceptable manner and reflect  
great credit upon the Eighth District  
of Kentucky in the Lower House of  
the National Congress.

Mr. Sullivan was born in Madison  
county, of humble parentage, he is es-  
sentially a self made man, secured a  
splendid education both literary and le-  
gal by dint of his own efforts, he has  
risen to a place of prominence, not only  
in his own county but throughout the  
district and state. He ranks high in  
the legal profession, a man of attractive  
personality and pleasing address, a  
splendid conversationalist, he attracts  
attention, and all with whom he comes  
in contact are drawn to him; in his own  
county there is not a more highly es-  
teemed man than Judge Sullivan.

He has been particularly active in the  
promotion of the cause of education in  
Kentucky, and it was chiefly through  
his efforts that the Eastern Kentucky  
Normal School was established, and he  
never allows an opportunity to pass him  
to do something in behalf of the educa-  
tional institution of the state, not con-  
fining his efforts to colleges, but the  
country schools also have benefited by  
his perseverance in their behalf. Judge  
Sullivan because of his splendid legal  
attainments, was selected as legal ad-  
visor of the late session of the Kentuck-  
y legislature, and passed upon the  
constitutionality of the various measures  
which were offered for passage by that  
body.

He is a frequent visitor in Lancaster,  
and has a host of warm friends and ad-  
mirers in the county, who are delighted  
at the opportunity of giving their sup-  
port to such an able gentleman, and the  
prediction is freely made that he will  
be the strongest contender with which  
the "Tall Sycamore of the St. Asaph"  
has yet tried conclusions.

## John McQuerry Appointed.

Collector Wiseman has appointed  
John H. McQuerry of this county to a  
position in the Internal Revenue ser-  
vice and he has been assigned to duty  
at Tyrone, going to work May 1st.  
Mr. McQuerry is a well known citizen  
of the Paint Lick locality, and has a  
host of friends who will be glad to  
learn of his appointment.

## Corn Planting In Progress.

Farmers are busy planting corn these  
days, and because of the enormous  
amount of damaged corn in this county  
last year unusual diligence is being ex-  
ercised in the choosing of seed corn,  
many of the farmers sending to remote  
parts of the state, and some going to  
neighboring states for their seed. They  
are determined if it be possible to avoid  
a repetition of last years inferior  
crop. In some cases where un-  
usually good corn is to be found in the  
county, farmers buy it by the load,  
paying as high as \$5. per barrel for it,  
select their seed corn from it and feed  
the remainder. The ground is being  
prepared with more than usual care and  
a much better corn crop, provided the  
season is a good one, will be seen in  
this county this fall than in many years.  
The acreage will be far above the  
average.

## Wheat Outlook.

The wheat outlook in this county is  
not so gloomy as at first was thought.  
Early sown wheat is looking unusually  
fine, and barring the evils which beset  
it from now on, fly etc, bids fair to be  
a good yield. Late wheat is not look-  
ing so good, in fact in some cases the  
farmers have deemed it expedient to  
plow it under and seed with either oats  
or corn. Threshermen, who are usually  
the best posted on the wheat out look,  
are taking a rosy view of the situation,  
and are expecting a good year.

A good acreage of oats has been sown,  
is up and looking fine, and with favor-  
able conditions, a good oat crop may be  
expected. Spring grass looks well, and  
presents a pleasing appearance to the  
farmer who has had such a hard time  
squeezing through the winter on a lim-  
ited amount of roughness and the ex-  
ceedingly high price and scarcity of  
feed. A few days of good warm sun-  
shine to put a little sustenance into the  
tender grass, and the troubles as to  
what will be fed to the stock will have  
vanished.

## The Electric Line.

With the approach of good weather  
and the "good old summer time" when  
everybody is supposed to get busy, we  
are being importuned for news concern-  
ing the extension of the electric line  
from Nicholasville, and the probability  
of Garrard county being the objective  
point. To these inquiries we are un-  
able to give any definite answer. How-  
ever, we will say that the interests of  
Garrard county are being well guarded  
and nothing will be left undone  
that will aid in the securing of the pro-  
posed extension. There has been quite  
a revulsion of feeling in regard to this  
prospective line, and within the last  
week we have heard of several of the  
farmers of the lower part of the county  
who, to say the least of it were luke  
warm in the matter, say that they  
were prepared to give the right of way  
no matter where the traction people  
wished to place it on their farms. This  
is indeed the proper spirit and will go a  
long way toward the securing of the  
road when the time comes to act.

## W. C. T. U. Convention.

The Demorest Declamatory contest  
held as the opening exercises of the  
Eighth District W. C. T. U. convention  
was a success in its detail. Six young  
men from Wilmore escorted by six  
Lancaster girls entered the church to  
the strains of a stirring march, the  
Wilmore youth's numbered on the  
programs as the competitors for the  
silver medal.

The devotional exercises were con-  
ducted by the District President, Mrs.  
Sudie Day Pickett, Elder F. M. Tindler  
pronouncing the invocation. An un-  
usually fine musical programme gave  
variety to the entertainment and was  
rendered by Mesdames W. Ross Bastin,  
L. N. Miller, Misses Walsh, Tindler,  
Mamie Stormes Dunn, Florence John-  
son, Ruth Carrier and Mary Lear.

A reading "Who killed Joe's Baby?"  
by little Miss Jennie Garvey, and decla-  
mation, "Jeremiah and His Pa", by  
Master Wilbur Crafts Pickett, received  
highly merited applause. The retiring  
of the three Judges, Mrs. F. P. Frisbie,  
J. E. Robinson and H. C. Kauffman  
followed and in a short time the medal  
was awarded in an appropriate presen-  
tation speech by Attorney J. E. Robin-  
son, the fortunate winner Curtis Watch  
field Florida "Civic Righteousness" display  
ing oratorical gifts in the rendering of  
his theme, "Civic" Righteousness.

The other declaimers were as follows,  
No. 1. Grover Morrow, Florida,  
Subject; "Poverty and The Saloon."  
No. 2. Elmer Hinkle, Wilmore, Sub-  
ject, "Enemies of The Republic."  
No. 3. Curtis Watchfield, Florida,  
Subject; "Civic Righteousness."  
No. 4. Joe Matthews, Lexington,  
Subject, "Three Homes."  
No. 5. Frank Arnold, Wilmore, Sub-  
ject; Modern Belshazzar."  
No. 6. Charles Young, Laurenceburg,  
Subject; "The People Are To Blame  
For The National Evils."

These young men all made very  
creditable efforts and showed excel-  
lent training under the supervision of  
Mrs. T. B. Pearson.

## Another Candidate In The Contest Forges To The Front.

The friendly rivalry for the first  
place on the list between the candi-  
dates in the Piano contest is waxing  
warm and this week another contestant  
stands at the head of the list. At  
this stage of the race this fact signi-  
fies but little, and does not in the least  
discourage the other candidates, on the  
contrary it but spurs them on to re-  
double their efforts, and next week  
may see some candidate from way  
down toward the tail end of the list  
forge her way up and lead the list.  
Following is the standing of the con-  
testants at the last count.

## Fishing At The Lake.

A number of the local fishermen  
when the water works was first com-  
pleted organized a fishing club and  
leased the fishing privileges at the  
lake for 20 years, since that time they  
have paid the City each year the sum  
of \$25.00. They stocked the lake at  
their own expense and from time to  
time have replenished the stock. The  
privileges thus obtained are exclusive  
and they are protected by the city in  
their rights. The fishing club has by  
laws and regulation, one of which is  
that no children shall be allowed to  
fish unless accompanied by their par-  
ents. Everyone who fishes at the lake  
must have a membership card which  
must be presented to the man in charge  
at the water works plant, else that  
man is instructed not to allow you to  
fish.

## Water Works Bonds.

The Water Works bonds will in all  
probability be sold to-morrow, Saturday  
at least that is the day scheduled for  
the opening of the sealed bids for their  
disposal. However, the City reserves  
the right to reject any or all bids, and  
there is of course a possibility of their  
not selling, however as Municipal bonds  
usually command a good price, it is  
more than probable that they will sell.  
The issue is for \$12,000., the highest  
amount possible to be issued at this  
time, and it will take the full amount  
to make the improvements which are  
absolutely necessary in order to furnish  
the city with an abundant supply of  
pure water, and a larger amount could  
be used to advantage. As soon as pos-  
sible after the sale of the bonds the  
contract will be awarded and work will  
begin and be pushed to a rapid finish.
